PLEASE READ THIS BEFORE MAKING OUT YOUR ORDER

Washington customers must include 3% Sales Tax on all orders, unless bulbs are purchased for resale or for commercial cut-flowers.

TERMS - Please do not send us orders under \$2.00, as smaller orders can be handled only at a loss. All orders under \$5.00 are cash with order. On orders over \$5.00, you may if you desire, send 25% with order and the balance before shipment, or shipment can be made COD for the balance.

EXTRAS ON CASH ORDERS - On cash orders of \$5.00 or more from the retail list, you may select 10% extra in bulbs of your own choice. THIS DISCOUNT DOES NOT APPLY to bulbs purchased at the 100 or 1,000 rate, nor to special collections.

TRANSPORTATION COSTS - All bulbs from the Retail List will be shipped pre-paid anywhere in the US. (We do not accept Canadian orders under \$10.00) Small orders will be shipped by parcel-post as soon as danger of freezing in the mail is past. Larger orders can be sent at any time by express.

All bulbs in the Quantity List are priced f.o.b. here, - customer pays the transportation charges upon delivery. Bulbs take second class express rate, and the charges are nominal.

If your order is taken from both the Retail and Quantity lists, we will ship collect for transportation, and enclose enough extra bulbs to pay for the charges on the bulbs from the Retail list.

OUR GUARANTEE ! If, for any reason, any bulbs purchased from us are unsatisfactory upon arrival, just return them promptly for a full refund, including transportation charges. Or, if at blooming time, you feel that your order was not properly filled, just let us know and we will try to adjust any error to your satisfaction. Of course we cannot guarantee that every bulb we sell will make a good spike, nor do we guarantee germination of bulblets.

Large bulbs (L) are size No. 1 and 2. These sizes are best for growing exhibition spikes. Medium bulbs (M) are sizes No. 3 and 4. These sizes are commonly used for outdoor cut-flower growing. Most varieties will make almost as good spikes from this size bulb as they do from larger bulbs. Small sizes (S), No. 5 and 6, are used mainly for increase and for growing large bulbs for the following season. However, most bulbs of this size will make fairly nice spikes the first season.

Prices listed 2/25¢ means two bulbs for 25¢, and we do not sell less than this amount. Varieties listed 10 80¢ means ten bulbs for 80¢, and you may order 5 for 40¢.

The 1948 season here in western Washington was the coolest and wettest on record. This, coupled with a late spring, has given Pacific coast growers the smallest supply of the larger sized bulbs in many years. In some varieties we have only a few large bulbs. These we have not listed in the large sizes, except in some of the higher priced ones. In any case, we recommend prompt orders, as our stock of large bulbs will not last long.

The letters GI, GF, MI, LF, etc. that appear in our list immediately after the name of the originator of the variety, indicate the size of floret and type of spike. The first letter indicates the size: G(Giant) a variety that normally has a floret $5\frac{1}{2}$ inches and above; L(Large) a floret $4\frac{1}{2}$ to $5\frac{3}{8}$ inches; (M)medium a floret $3\frac{1}{4}$ to $4\frac{3}{8}$ inches.

The second letter indicates the type: F(Formal) or I(Informal). The main characteristics of the formal type are a large number of open florets(8 to 12) regularly spaced in pairs on a good flower-head. The informal type has more or less irregular placement of florets, with about 5 to 6 open.

THE HISTORY OF THE UNITED STATES

The history of the United States is a story of growth and change. From the first settlers to the present day, the nation has evolved through various stages of development. The early years were marked by exploration and the establishment of colonies. The American Revolution led to the birth of a new nation, and the subsequent years saw the expansion of territory and the growth of industry. The Civil War was a pivotal moment in the nation's history, leading to the abolition of slavery and the strengthening of the federal government. The late 19th and early 20th centuries were characterized by rapid industrialization and the rise of the United States as a world power. The mid-20th century saw the nation's involvement in two world wars, and the latter half of the century was marked by the civil rights movement and the Vietnam War. The present day is a time of continued growth and change, with the United States facing new challenges and opportunities.

PURPLE BEAUTY (Holland) LF Not a new glad, and rather short flower-head, but still one of the best for color. (L 10 80¢; M 10 40¢; S 10 25¢)

PURPLE SUPREME (Wilson) LF Very tall purple, with long flower-head. Will peel in humid weather. (M 10 50¢)

QUEEN CHARLOTTE (Dowling) LF This light yellow will open more florets at a time than any variety we grow. Late. We would like the color to be somewhat deeper. (Any size 2.50; Blts 3/1.00)

RAVEL (K&M) LF Violet-blue with reddish-brown markings. Probably the best of the new "blues". (M 35¢; S 25¢)

RED CHARM (Butt) LF One of the best of the medium-dark red varieties. Opens 8-9 well-placed florets on good stem. (L 10 1.00; M 10 50¢; S 10 30¢)

RITA MAE (Pommert) LF Medium-light red. Will open up to 10 florets with other 10 showing color. Like Marguerite, this glad needs plenty of moisture to perform best. (See bottom of next sheet for 1948 show awards.) (L 50¢, 10 4.00; M 35¢, 10 2.80; S 20¢, 10 1.60; Blts 6/25¢)

ROSA VAN LIMA (Pf) LF Light rose with faint darker throat lines. An old variety but an excellent early cut-flower. (L 10 70¢; M 10 40¢; S 10 25¢)

SALMAN'S GLORY (Salman) Light cream, with red markings on light yellow throat. Nice large florets and good spike. (L 25¢; M 2/25¢)

SILVERWINGS (Ritsema) GI White sport of Picardy. Somewhat ruffled. Late mid-season. (L 10 2.00; M 10 1.00; S 10 50¢)

SILVER GULL (Holland) LF Silver-blue gray, with cream blotch in throat. A glad that is different. (M 2/25¢; S 3/25¢; Blts 10/15¢)

SKYMASTER (Salman) GI Peach-blossom pink, with slight red throat lines. When well grown, can make enormous spikes. (M 35¢; S 25¢; Blts 4/15¢)

SNOW PRINCESS (Pf) LF An excellent white for both exhibition and cut-flowers. Fine propagator. (L 10 70¢; M 10 40¢; S 10 25¢)

SNOWFLAKE (Schneeflocke) (Pf) Pure white. Opens 6-8 round florets on stem of medium height. (L 1.00; S 50¢; Blt 15¢)

SOLE MIO (K&M) MI Lemon yellow, with faint carmine throat. Early. Good, wiry stem. (L 2/25¢; M 4/25¢; S 4/15¢; Blts 15/15¢)

SPIC AND SPAN (Carlson) LF Ruffled deep pink, opening about 10 on a 20-22 bud spike. Great ribbon winner. (L 1.75; M 1.50; S 1.00; Blt 20¢)

SPOTLIGHT (Palmer) LI Large clear yellow with red throat. Early. This is an outstanding glad. (L 10 1.60; M 10 1.00; S 10 60¢)

SURFSIDE (Winsor) LI Very nicely ruffled milk-white, with faint pencil of lavender in throat. Late. (L 10 70¢; M 10 40¢; S 10 25¢)

SWEET SEVENTEEN (Blom) MI Soft peach-rose, with greenish yellow sheen in throat. Graceful, wiry stems. (L 2/25¢; M 4/25¢; S 4/15¢)

TAKINA (Burns) GF Rosy-purple, with very large florets. Very popular with local florists. (L 10 80¢; M 10 50¢; S 10 30¢)

TECUMSEH (Palmer) LI Soft smoky salmon, with darker feather. Ruffled and needle-pointed petals. (L 10 1.00; M 10 60¢; S 10 30¢)

THRILLER (Evans) LF Clear red with cream throat. Opens about 8 on a 20 bud spike. Tall. (L 50¢; M 35¢; S 20¢; Blts 5/15¢)

TIVOLI (K&M) LF Soft rose-pink with cream throat. Will open about 8-10 perfect florets on a good spike. (L 1.00; M 60¢; S 40¢; Blts 2/25¢)

TOPSCORE (Kooi) LI Brilliant, glowing vermillion red. Early. A good exhibition variety. (L 30¢; M 20¢; S 2/20¢; Blts 10/20¢)

UHU (K&M) LF Smoky brown on orange-salmon ground, with cream throat. One of our best smokies. (M 20¢; S 15¢)

VICTORY QUEEN (Wilson) GI Rich salmon-orange with cream throat. Nicely ruffled. Midseason. (L 50¢; M 35¢; S 25¢; Blts 5/25¢)

VINCENT VAN GOGH (Holland) LI Nice salmon-scarlet. Tall spikes with about 8 open. (L 10 1.00; M 10 60¢; S 10 30¢)

WHITE GOLD (Scheer) GI Mammoth cream blending to yellow in throat. Strong, tall grower. (L 10 80¢; M 10 50¢; S 10 30¢)

YELLOW HERALD (Pf) LI Tall amber-yellow, with slight carmine throat markings. Early cut-flower. (L 20¢; M 2/20¢; S 3/15¢; Blts 10/15¢)

RITA MAE (Our 1947 introduction)

In 1948 Rita Mae won the following awards in this state: At the Yakima Valley Show, first in the 450 class and NEGS Rosette for best recent introduction. At the Washington State Show (Seattle) first in the 450 class, both amateur and open; rosette for best recent introduction from Washington or Oregon; Dowling Perpetual Trophy for sweepstakes basket; second for 6 spikes any color, large.

Our seedling S-41, which was sent out for trial to many of our customers two years ago, was awarded The American Home medal at the Washington State Show in Seattle last summer. We have had a number of very enthusiastic reports on this glad. However, a number of very good whites have been introduced in the last two or three years, and we doubt if S-41 will be introduced to the public. We feel it is time to call a halt on the introduction of new varieties.

Due to a very short crop (the coolest, wettest season on record), we are not issuing our regular wholesale list at this time. Growers needing bulbs in 1,000 lots, are requested to write for prices, stating variety, size and quantity you need.
